FacilityOS — Healthcare Facility Vendor Profile (Wave 2)

Updated: November 24, 2026 · Educational and facility-procurement reference only — verify code applicability, product specs, and pricing directly with the vendor and AHJ.

Vendor Overview & Census Lane

FacilityOS (North York, Ontario, Canada) is cataloged in the Healthcare Facility Hub Facility Vendor Census (Wave 2 — Ad-Exhaust Expansion, ID `W2-01`) under the **Facility Compliance — Evacuation & EmergencyOS** lane.

FacilityOS provides modular visitor, contractor, logistics, and emergency management software for hospitals and commercial enterprises. Its EmergencyOS module handles digital emergency response, real-time hazard alerts, zone-based building sweeps, emergency drills, and digital mustering/roll call with automated evacuation reporting to support OSHA, CMS, and Joint Commission audit trails.
