Facility Compliance, ICRA Containment & HTM Vendor Census (C-01)

Updated: November 20, 2026. Independent primary-source census of vendors serving hospital infection control, life-safety compliance, and clinical engineering.

Population Definition, Lanes & Three-Gate Standard

This census evaluates 121 qualifying vendors from ASHE, AAMI/HTM, and ICRA containment rosters across three gates: Independent (no corporate parent/roll-up ownership), Operating (live product and website), and In-Population (primary business in ICRA containment, healthcare facility compliance, or HTM).

Gate Disposition	Count & Basis
PUBLISH (Chunk 1)	19 independent, operating, in-population vendors (7 ICRA, 10 Facility Compliance, 2 HTM)
PRUNE	100 vendors failing Independence (roll-up/subsidiary), Operating, or In-Population
WATCH	2 ambiguous multi-vertical vendors (ENMET LLC, Forensic Analytical Consulting Services)
HOLD	0 vendors
